AG Balderas Issues Statement on Dismissal of Baseless Trump Lawsuit to Overturn New Mexico's Election

Santa Fe, NM--Today, Attorney General Hector Balderas issued the following statement after the dismissal of President Donald Trump's baseless lawsuit to overturn New Mexico's valid election:

"This dangerous lawsuit was a lost cause from the beginning, but Republican leaders should put safety first and admit their loyalty is to Donald Trump over New Mexico and the United States; and I am still demanding that they step up and admit that the lies they continue to spread resulted in the deaths of civilians and law enforcement in a violent attack on our democracy," said Attorney General Balderas.
